are writing to inform you about the processing of your personal data. This duty arises from Article 13 of the GDPR, which we are happy to satisfy in this way.

In the following, we explain why we process your personal data and what rights you have in this respect.

The processing of your personal data is necessary in connection with fulfilling our contract with you or for precontractual action. Article 6 para. 1 letter b of the GDPR permits this type of processing. Not providing the data would make handling the contract between us more difficult or even impossible. Due to our status under customs law as an "Authorized Economic Operator" according to AEO, we are obliged to compare your address data with the current sanctions lists of the European Union. Maintaining contact with you by informing you of our range of services, providing you with up-to-date information about our products or inviting you to our information events is in our justified interests and it legitimised by Article 6, para. 1 letter f of the GDPR.

Therefore, the purposes are

- Fulfilling the contractual obligations
- Payment processing
- Maintaining the business relationship
- Information about products and services

Your data may be passed on to logistics companies to process the delivery. For internal administrative purposes, it is necessary to process data within the SKW group of companies. No data is processed outside the EU or the EEA.

We process your data for as long as is necessary for fulfilling our contract and applicable statutory provisions and to maintain the relationship with you. According to the German Commercial Code (HGB) and the German Tax Code, business documents must be kept for 6 or 10 years respectively. If you would like the data to be erased, we will naturally comply with this request without undue delay unless prevented from doing so by statutory archiving requirements.

As a data subject, you have a right to:

- Information about the personal data processed
- Rectification
- Erasure or restriction of processing
- Object to processing
- Data portability
- Complain to the Data Protection Supervisory Authority
